GROWING up rather than out is a good way to save space in the garden. You also get to enjoy lots of great vine plants such as sugar snap peas, pole beans, moonflowers, bougainvillea, and clematis. Adding a trellis or some other vertical structure to your garden also gives you a whole new dimension of visual interest.

When it comes to creating focal points in the landscape, climbing perennials are a big winner! Climbing perennials are a great way to fill any garden with color and texture. They are perfect for covering an arbor, trellis, tall fence, pergola or walkway arch. The key is to choose the right plant for the right location and need.
