Handwoven fabric is precious! When you have lovingly woven your yarn all the way from cone to cloth, you want to use every piece well, whether it's a sample you don't need any more or the fragments left after a larger project.. The good news is that a little bit of handwoven cloth goes a long way: Here small project are a few ideas to try.

Kate of The Weaving Loom is an expert in her craft — but her super-simple woven basket tutorial can be done by a novice. (You simply weave yarn through a pre-made wire basket.) Though easy, the project introduces you to the basic concept along with three different-sized yarns to get a feel for the materials that can be used for other projects.
